Wine

Competition

Effingham Manor Winery

Nokesville, Virginia

Oct. 25 – 31, 2020

Featuring: Coravin® Wine Preservation System

To our fellow winemakers,

This year has proven to be a test to our communities and you as winemakers. To allow for competition, we've changed up the number of panels of judges we're having in one room, stretching out the competition over more days to continue with the social distancing. We wanted to have this competition, not only to allow us to enjoy your wines, but to give you an opportunity to earn needed feedback from certified wine judges and potentially medals and awards. So, we invite you to submit your homemade wines to the 2020 American Wine Society (**AWS**) Amateur Wine Competition. The **AWS** has conducted this prestigious Amateur and Commercial wine competition annually for over 40 years.

This year, we're giving the Coravin® Wine Preservation System a try. This will better protect your wines during the extended period of time between initial scoring, best of category, and best of show judging. For wines submitted with synthetic corks and screw caps we will use an inert gas (e.g. Argon). Additionally, this will allow us to reduce the amount of wine we require for evaluation—also reducing the amount of wine you have to ship. We will only require one 750ml bottle per entry.

To maintain our high quality and consistency we utilize **AWS** Certified Judges and industry winemakers to score and critique submitted wines. **AWS** judges have completed a rigorous three-year training program, supplemented by extensive hands-on experience and periodic recertification. These judges are often sought out to judge in major US wine competitions. Amateur winemakers will also receive the actual scoring sheets and judges' comments for each of their submitted wines. This insightful feedback usually includes suggestions for improvements, when needed, and is often found to be more valuable than winning a medal.

We've taken the feedback received from last year's participants, as well as the frequently asked questions to improve this year's competition. Please consider let me know what we can do to improve our 2021 competition. The first change you'll notice is this year's brochure has been modified to make it easier to follow.

Good Luck!

2020 AWC Guidelines

Amateur Winemaker

Amateur winemaker makes wine either alone or in collaboration with other amateur winemakers. As an amateur competition, no individual or any member of the group should be directly involved with commercial winemaking. Any person who owns, manages, supervises or receives any form of compensation for being involved with the operation of any non-residential winemaking facility may NOT enter the **AWS** Amateur Wine Competition. Any inquiries regarding amateur status may be directed to the Amateur Wine Competition Chair. Growing grapes commercially does NOT automatically disqualify an individual.

Announcement

The Award Winners will be announced in mid-November. Winners will also be posted on the **AWS** website, americanwinesociety.org, by December 15 and published in the **AWS NEWS**.

Best of Category

The “Best of Category” winners will be clearly superior in their winemaker-designated category.

Best of Show

The “Best of Show” wine will have an overall enological excellence that surpasses all other wines in the competition. The “Best in Show” judging will be done following panel judging and “Best of Category” judging.

Bottle Identification

To identify which bottle is which wine from your entry, affix the labels from the brochure (last two pages) would need to be filled out. The entry number would correspond to the entry numbers on your entry form/online confirmation sheet.

Bottles – Fortified Wine

To allow for initial scoring, Best of Category, and Best of Show judging, a minimum of 750ml of wine is required [One-750ml, two-500ml, or two-375ml bottles]. Fortified or still wine bottles may be used.

Bottles – Sparkling Wine

To allow for initial scoring, Best of Category, and Best of Show judging, a minimum of 750ml of wine is required [One-750ml, two-500ml, or two-375ml bottles]. Sparkling wine bottle shall be used.

Bottles – Still Wine

To allow for initial scoring, Best of Category, & Best of Show judging, a minimum of 750ml of wine is required [one-750ml, two-500ml or 375ml bottles]. Standard Burgundy, Bordeaux, or Schlegel shaped bottles shall be used. Bag-in-box may be used in lieu of bottle.

Capsules

Capsules on bottles are permitted.

Categories

Wines are judged in the “Wine Classification” category designated by the winemaker, so care must be taken to choose the correct category. For example, a sparkling wine entered in a still wine category would be considered a fault. If in doubt, contact the Amateur Wine Competition Chair.

Closures

All glass bottles will be closed with an appropriate closure for the bottle.

- Fortified wine may use T-cork, natural cork, or synthetic cork
- Sparkling wines will use crown cap or cork with safety cage
- Still wines may use natural cork, synthetic cork or screw cap (bottles with threads must use screw caps)

NOTE: Natural cork is preferred for still wines to allow for the use of Coravin®

Commercial Winemaking

Commercial wine making is a business enterprise certified as a bonded winery, authorized by the Alcohol and Tobacco Tax and Trade Bureau, for the production and sale of wine. Any wine that may be legally sold is not an Amateur Wine.

Commercial Winery

Facilities of a commercial winery may not be used during any stage of wine preparation or storage. Using a winery as the starting or stopping shipping location is allowed.

Deadlines

Registration information is due: October 15, 2020

Wine must arrive by: October 22, 2020

Entry Fees

Entry fees cover the expense of qualified judges, competition correspondence, award medals and the mailing of the judges' score sheets to each participant. One medal presented or shipped to the winemaker per winning entry. Additional medals are available for purchase.

- **AWS** members: \$25/entry
- **Non-AWS** members: \$35/entry

NOTE: The principle (first listed) team member of a wine making team must be an **AWS** Member to get the member rate.

Fanciful Names

Wines may be submitted with fanciful names; however, they should not be deceptive in nature (e.g. "All Chard" when only small percentage of chardonnay is present).

Fortified Wine

Fruit or non-grape wines which are fortified with a distillate must be entered in the appropriate Fortified category.

Fruit / Grape Blend

Blends that include grape wine and fruit wine must be entered in the Fruit category, fruit/grape blend and designate proportions.

Ingredients

Wines may not be produced from synthetic products. Wines must be free of artificial coloring or artificial flavor enhancers. Natural sugars, wood or the effects of specialty yeast and/or supplemental tannins are allowed.

Kit Wines

Wine kits and concentrate-based wines will compete side-by-side with fresh fruit and juice-based wines in all listed categories.

Label Competition

Label must be crafted by winemaker (or team member) and attached to the bottle of judged wine using the same address and deadline. These will be judged by our certified judges or design professionals. Criteria in judging include: creativity, information content, clarity, artistic appeal, and pizzazz.

Enter only one bottle label per winemaker.

Record the entry number in quotes on the official entry forms for the wine label you would like considered.

A copy will also be emailed to the Amateur Wine Competition chair (awc@americanwinesociety.com) for inclusion in the award announcement and **AWS** publications.

Medals

The average scores from the judging panels will decide the medal to a given wine:

- Double Gold (All Judges score in Gold range)

- Silver (15.0-16.9)
- Bronze (13.0-14.9)
- No medal (Below 13.0)

Membership

Both **AWS** members and non-members may enter the competition. **AWS** members receive a discounted entry price.

Multiple Entries

A winemaker may enter multiple wines into the competition; there is no limit to the number of wines that a person or team may enter. The same wine may not be entered by two different individuals. A single fermentation made into different final products (based upon residual sugar or finishing treatment) may be entered as two separate wines.

Multiple Winemakers

If there is collaboration all persons involved must be named on the entry form and are considered as one entrant. Since this is an amateur competition, no individual or any member of the group should be directly involved with commercial winemaking.

Packaging

Commercial wine shipping containers should be used. Every reasonable effort will be made to contact entrants whose bottles have broken to make arrangements for sending replacement bottles.

Payment

Payment may be done via PayPal (with online registration), check/money order (mailed to registration address), or credit card (called or faxed to AWS offices). **DO NOT INCLUDE PAYMENT WITH YOUR WINE SHIPMENT.** All wines must be shipped to arrive between September 1 and October 22, 2020.
